CAREER OBJECTIVE

Aspiring Full Stack Developer with internship experience at Cognifyz and Arootle Technologies, proficient in React, Node.js, and MongoDB. Seeking to apply my skills to innovative projects that solve real-world problems and create impactful user experiences.

EDUCATION

B.Tech in Artificial Intelligence and Machine Learning

Jodhpur Institute of Engineering and Technology, Jodhpur

2022 - 2026

CGPA: 8.0 (as of 6th semester)

TECHNICAL SKILLS

Programming Languages: C, C++, Python

Front-End: React, HTML, CSS

Back-End: Node.js, Express.js

Database: MongoDB

Tools and Platforms: Git, GitHub, JWT

EXPERIENCE

Web Development Intern | Cognifyz (Remote), Nagpur, Maharashtra

May 2025 – Sept 2025

- Selected for a remote internship with a stipend, focusing on real-world web development projects.
- Contributing to responsive web application development using modern JavaScript frameworks.

Web Development Intern | arootle Technologies, Jaipur

May 2024 – July 2024

- Developed cross-platform mobile applications using React and JavaScript, implementing real-time features, user authentication, and performance optimizations with Zustand, while collaborating in agile workflows with a 5-member team, improving user experience.

PROJECTS

Ecommerce

2025

- Built a full-stack e-commerce platform using the MERN stack for managing products and users. Added JWT authentication, REST APIs, and deployed it on Render with MongoDB Atlas. Improved performance with React Hooks and made the UI fully responsive using Tailwind CSS.

Blogar Project

2024

- Built a full-stack blogging platform using the MERN stack for managing posts and users. Added JWT authentication, REST APIs, and deployed it on Render with MongoDB Atlas. Improved performance with React Hooks and made the UI fully responsive using Tailwind CSS.
